BLOODY REVOLT BREAKS OUT IN NORTHERN PART OF MEXICO

Hundreds Reported Killed When Soldiers Shoot Into Rioting Throng in Zacatecas in an Effort to Quell the Uprising

(Continued from Page 1)

Four Citizens Hurt

EAGLE PASS, Texas, Nov. 21.—A riot received here today state that a riot broke out by revolutionists took place at Hernandez, about 100 miles south, last night. Four citizens and two policemen are reported injured.

The demonstration was of short duration. The street was quickly filled with soldiers and the crowd dispersed, shouting "Down with Diaz." The town is now quiet.

Reyes was always very popular with the army and is a man of iron courage and determination. After his removal from the cabinet for publishing a newspaper article attacking the Diaz administration, Reyes has chafed over conditions existing in the country, and may take the present opportunity to try conclusions with Diaz in an effort to wrest from him the reins of power. It is conceded he brought the army up to its present state of efficiency, and it is known of all men that he is a man who desires to be ruler of the republic. He is in the prime of life and ruggedly healthy.

PLOTTED AGAINST DIAZ

Reyes was governor of the state of Nuevo Leon, that hotbed of revolution in Mexico. During the last campaign his admirers proposed his name for the vice presidency. Subsequent events appeared to prove that Reyes was a man of perfect amity and friendship for Diaz, was plotting for his downfall.

Then it was that the stirring even in May, 1909, occurred. Reyes was surrounded by troops and was taken prisoner. He was taken to Mexico City, where he was sent on the foreign mission. Admirers of General Reyes openly assert that he is now footloose and they claim he has a strong following in all parts of the republic.

EL PASO, Tex., Nov. 21.—One hundred persons were killed in the interior of Mexico, Saturday night, according to reports received here this morning. The victims were killed in a rioting which broke out in the interior of Mexico, Saturday night, according to reports received here this morning. The victims were killed in a rioting which broke out in the interior of Mexico, Saturday night, according to reports received here this morning.

HEAVY LOSS OF LIFE

The American consul at Zacatecas telegraphed the first news of the riot to the State Department at San Antonio, stating that that town was in a state of terror and that the loss of life was not less than 100. No details were given other than the company of soldiers were ordered to fire upon a vast crowd of rioters which surrounded the streets.

RUMORS OF BATTLE

EL PASO, Tex., Nov. 21.—A dispatch from Del Rio, Texas, on the Mexican border, 250 miles west of here, states that rumors are current there of a fight which is supposed to have taken place near there last night between Americans and Mexicans. Reports that bands of Mexicans have entered the United States are not verified. County officers and United States river guards state that they have not observed any Mexican trouble, but have heard rumors of an invasion and attack at different points. It is reported that a battle took place at Alamo, seventy miles south in Mexico, and several killed. The report is unconfirmed at this hour.

AMERICAN REPORTED SLAIN

SPRINGFIELD, Mo., Nov. 20.—Reports here have been advised that John Lockhart, an American resident of Springfield, Mo., has been assassinated near the Mexican border. The message did not give details, and it is not known whether his death was connected with the Mexican uprising. Lockhart was with a mining company at the time of his death.

BODY IS DISCOVERED

MEXICO CITY, Nov. 20.—The body of John R. Lockhart, an American mining man, was found near a road in the vicinity of Jalisco, State of Durango, last Sunday, according to a special dispatch to El Nacional. It is believed by the authorities that Lockhart had been dead a week.

No arrests so far have been made, but the dispatch said it was generally believed that some person holding a grudge against Lockhart fired upon him from ambush.

GOVERNMENT RAIDS STOCK COMPANY

Concern Alleged to Have Sold Nearly \$50,000,000 Worth of Bogus Securities.

Federal Detectives Make Successful Decent Upon Alleged Bunko Firm.

NEW YORK, Nov. 21.—Federal officers raided today the offices occupied by Burr Brothers, a corporation dealing in stocks and other securities.

The raid was made on warrants charging the use of the mails to defraud investors. Post office officials say the concern has sold to investors at par value between \$40,000,000 and \$50,000,000 of stock in various companies, most of which have gone out of existence or become bankrupt.

OTHER ARRESTS EXPECTED.

The warrants were issued by United States Commissioner Shields and officers of the corporation were arrested and their books and papers seized.

Postmaster General Hitchcock and Robert Sharp, chief postoffice inspector, came here from Washington to see that the raid was carried out successfully.

The officers arrested were Sheldon C. Burr, president; Frank T. Tobey, vice-president; and Eugene H. Burr, secretary and treasurer.

The corporation has extensive offices in New York, Chicago, Los Angeles and San Francisco, where the corporation has extensive offices.

HUNDREDS OF COMPLAINTS.

Postoffice officials have been working on the case for months. Hundreds of complaints have been made by investors, who charge that they have been swindled through false representations made concerning the profits realized by those who put their money into the various oil, timber, copper, lead, zinc and gold companies.

EVIDENCE IS OBTAINED.

Before criminal action could be taken postoffice inspectors had to obtain legal evidence as to the standing of the companies which the Burr Brothers were promoting. This inquiry necessitated visits by government experts to mines and other properties in distant parts of the country.

ORGANIZE COMPANIES.

The memorandum further states: "They have also organized the following oil companies:

- "Carolina Consolidated, capitalized at \$1,000,000.
- "Columbia Alladin, capitalized at \$1,000,000.
- "New Western, capitalized at \$750,000.
- "New York-Columbia, capitalized at \$500,000.
- "Columbia Crude Oil, capitalized at \$1,000,000.
- "People's Associated Oil Company, capitalized at \$1,000,000.

ALL STOCK SOLD.

"All the stock in these companies has been sold, and the greater portion of the money eventually has gone into the hands of Burr Brothers, Inc.

"While all the companies are still in existence, none save the first four named are doing any work at the present time.

COMPANIES OUT OF EXISTENCE.

"The Burr Brothers have also organized, promoted and sold the stock of the following companies:

- "Elberon Farm of Michigan.
- "California Consolidated, Capital Company, capitalized at \$1,000,000.
- "Amsterdam Securities Company, capitalized at \$100,000, which was later merged with the Burr Brothers, Inc.

LIST OF COMPANIES.

"Arizona Copper, Gold Mines, capital \$1,000,000.

"Searchlight Canine Gold Mining company, capital \$1,000,000.

"Hudson Automatic Engine Co., capital \$1,000,000.

"Hudson Copper Co., capitalized \$1,000,000.

"British American Copper Mines and Smelting Co., capitalized \$5,000,000.

MUCH STOCK SOLD.

"The latter named companies are in existence at the present time. They have sold the stock of the Hudson Copper Co., which is now in the hands of a receiver and they now also engaged in the sale of lots in Lincoln, N. J.

SEEK HIS COMPANION.

Detective Sergeant Ed Gibson and Detective George Mulcahey have begun an investigation in an effort to learn the identity of O'Neill's companion, who, it is believed, will be found to be an ex-convict, released from the penitentiary at approximately the same time as O'Neill was given his freedom.

COUNTY CLERK COOK IN TILT WITH SUPERVISOR

Trouble Over the Return of the Voting Machine: Used During the Election

"Dr. Travers worked more industriously in trying to have the voting machines returned to the custody of the county, the past week, than you did in making the canvass of the vote which has been completed."

This was the complaint while County Clerk Cook hauled the voting machine of Berkeley this morning at the meeting of the Board of Supervisors.

Foss muttered something by way of reply but it was half-hearted and, whatever it was, for this reason that the voice of the supervisor from Berkeley was not audible four feet away from the gentleman's chair. But Cook came back at him again, declaring in a voice which showed some emotion:

"If all the supervisors acted as you did in the canvass of the votes cast, the canvass never would have been completed."

MAKES FEEBLE PROTEST.

There was another feeble protest by Foss and then the episode closed.

The incident was occasioned by the fact that Dr. Harry Travers, who was engaged by the supervisors Monday last, to cause to be returned to the custody of the county the voting machines, together with all the paraphernalia belonging to them, had asked for a continuance of the appointment. At that time there were many machines which had not been returned and the same was true of the rods and curtains, these being found missing when the boxes containing the machines were opened for the purpose of checking up the material that ought to be on hand.

It was understood that Travers was to do the best he could during the week, but the missing rods and curtains, and that in the event he had not been entirely successful, the board would at this morning's meeting determine as to what it was best to do.

TRAVERS' STATEMENT.

Accordingly, at the meeting of the board of supervisors, Dr. Travers stated that he had been diligently at work all the past week and that there were still six voting machines which had not been returned. He stated further that there were a number of rods and curtains still missing, but that he was using all possible effort to secure the missing property. He suggested that it would be necessary that he and another be retained by the supervisors to get the missing articles. He went into detail to explain all that had been done in furtherance of the work and, in a special manner, how communication had been established with the people in charge.

HE IS ACCUSED OF PICKING YALE LOCK WITH PIECE OF WIRE.

Harry Delt, who is believed by the detectives to be gone of the cleverest of the county, was held to answer before Judge Mortimer Smith on a burglary charge and bound over to the superior court on \$4,000 bond. He was captured in a bathroom in the Jefferson apartments a week ago, and cuff links and other jewelry belonging to Jack Hildreth, a lodger in the house, found on his person.

THREE CAPTURED PICKING POCKETS

Captured after a chase of several blocks through the streets of Oakland, three men, alleged to be pickpockets, are being held at the city prison pending an investigation of their criminal record and the wearing out of a complaint against them charging grand larceny by O. F. Williams, whom they are accused of robbing.

Williams was on a San Pablo avenue car yesterday afternoon when he felt himself jostled on one side and found that a man's hand was in the pocket of his coat on the other. He attempted to hold the two men, but with two others they escaped from the car and he ran after them down San Pablo avenue, shouting for assistance.

Policemen joined the pursuit and after firing several shots into the air succeeded in capturing the three men. They were taken to the city jail and a purse containing \$40 from Williams, made good his escape.

At the police station the men gave the names of George Burgen, John White and Charles Homan. They are believed to be felons. They will probably be charged this afternoon.

Two Polite Highwaymen Hold Up Men and Women

Two gentlemen bandits held up a party of four, including two women, early this morning at Fifty-sixth and San Pablo avenue. The highwaymen handed their victims with the greatest politeness, saying: "We are sorry to trouble you, but we are in a hurry and we are taking the money from the men as though the act were a painful necessity they would gladly avoid."

The victims were Mr. and Mrs. F. Downing of 5763 Fremont avenue and Mr. and Mrs. C. O'Connor of 1119 Santa Fe avenue. They had made a merry quartette theater party in Oakland, and on their way to their homes, and had left a San Pablo avenue car at Fifty-sixth street.

THEIR LOOT IS SMALL

The women obeyed, and the shorter of the two robbers handed his revolver to his accomplice and searched the two men. As they had been spending a pleasant evening in Oakland, the robber was disappointed to obtain only \$1 from O'Connor and \$4 from Downing. With a polite bow, despite their ill success, the bandits left their victims with a warning not to move till they disappeared in the darkness.

THE HOLDUP.

Before separating for the night the two couple stood at the corner to exchange pleasantries. As they stood talking two men came down San Pablo avenue walking directly toward them. The two couples separated to right and left to allow the men to pass between them. Suddenly as the two men came directly between O'Connor and Downing they were faced about and flashed two revolvers in the faces of the astonished men. Holding the men under cover with the weapons, one of the highwaymen said to the two women:

Romance Begun Years Ago to
Be Culminated Thanksgiving Day

MISS ETHEL WOODWORTH, who will be the bride of William Gebhart, traveling auditor of the Southern Pacific Railroad Company.

BERKELEY, Nov. 21. — Among the things for which Miss Ethel Woodworth and William Gebhart, traveling auditor of the Southern Pacific company, are to be thankful for next Thursday will be the happy culmination on that day of a romance which began during their childhood days, but which for a time threatened to go wrong.

Putting half the continent between the pair didn't help any, and apparently distance was beginning to play a part in the estrangement.

But a year ago Miss Woodworth came to Berkeley to visit her sister, Mrs. McAnany, and the sunny climate of California which is said to suit Cupid's purposes, or propinquity, or the sentiment that after all there was no real reason for a further break in the romance, caused a renewal of heart throbs in union, and then — well, the outcome is the bride-to-be.

Thanksgiving day is to be their wedding day, and absence from each other, or misunderstandings that make true the old adage about the course of true love, will be forgotten in the celebration of the nuptials at the home of Professor H. B. McAnany, president of the Berkeley Bible society of the Christian church, who is a brother-in-law of the bride-to-be.

TRUE LOVE'S USUAL COURSE.

Years ago in Des Moines, Iowa, it is unnecessary to say just how many years the couple who are to plight their troth on Thanksgiving day were playmates, and when they became grown-up their betrothal was natural, as well as blissful. But something happened — true love was getting its jolts, as usual — and then about four years ago, Gebhart, who had been holding a position with the Milwaukee railroad at Omaha, came to California and the Southern Pacific.

Mrs. H. A. Meyer asked several of her friends to be her guests at a card party Friday afternoon. For home on Ford street, a party was given.

The Elwood Yacht club will give a dance Wednesday evening at the club-house. The monthly dances of the yacht club are always well attended.

Mrs. J. S. Daver and Mr. V. Daver have arrived in Alameda after a visit in Sierra City, where Daver has been inspecting several of the larger mines.

John Parker will remain in Alameda until after the holidays. He returned home recently from an extended stay in Alaska. While there he visited Mr. and Mrs. Warren Macfarland.

IMPROVEMENT
CLUB IS ACTIVE

Civic Betterment and Matters
of Local Interest to Be Dis-
cussed at Coming Meeting.

The Santa Fe Improvement Association will hold a meeting at their hall, corner Fifth and W. streets, tomorrow (Tuesday) evening, 8:30. Governor Pardee, Councilman Elliott and others will address the gathering. The organization is representative of one of the best residents districts in Oakland. They are a wide-awake, progressive people, keenly alert to the best interests of their section and city, and many civic improvements in their district can be traced to their untiring efforts. The meeting called for tomorrow evening is an important one and a very representative assemblage is expected.

RECORDS BROKEN
FOR HORSE SHOW

More Than 105,000 Saw Big
Exhibition; Receipts Total
\$200,000.

NEW YORK, Nov. 21. — This year's horse show was the most successful in ten years, according to the reports of the association officials. It was a record-breaking exhibition, both from an attendance and entry standpoint, and for the first time in many years the association will find a substantial balance on the right side of the ledger.

DUMA HESITATES
TO HONOR TOLSTOI

Session Finally Adjourns as
Token of Respect to Dead
Philosopher.

ST. PETERSBURG, Nov. 21. — The Duma adjourned today's session out of respect to Count Leo Tolstoy, who died at Astapova. The decision was reached only after a wrangle, the members of the extreme right contending that to honor the memory of Count Tolstoy would be to challenge the Greek Catholic church.

CRUSADE INCREASING

BERKELEY, Nov. 21. — Berkeley Anti-Compulsory Vaccination league, according to a report issued by Corresponding Secretary Taylor today, has tripled its membership within the last eight days.

Thanksgiving goodies
from Lehnhardt's

—We've so many things to talk about we hardly know where to begin, but first of all we must advise you to order early—don't neglect this feature

—We are going to make several special desserts and a number of additional specialties in our Candy Department.

—Read the description of all of the following items. There may be one or several that you'll want. But be sure to order early. Last year many of our best friends were disappointed because they ordered too late.

Our 50c Thanksgiving Dessert

Of course every one expects us to furnish something extra fine for our Thanksgiving Special. And we are not going to disappoint you. We have selected the following combination, which will be ready early Thanksgiving morning and be made also on Friday, Saturday and Sunday following Thanksgiving:

BURNT ALMOND ICE CREAM
ORANGE ICE CREAM
VANILLA ICE CREAM

This dessert is wonderfully fine and just the thing to make your Thanksgiving dinner a great success.

If you wish us to deliver it on Thanksgiving day, you'd better telephone your order in tonight. Each brick contains a full quart (enough for eight or nine people).

50c for the quart brick if you call and carry it home.
80c for the quart brick if we deliver it, packed in ice.

LITTLE ICE CREAM TURKEYS

—Molded out of ice cream.
—As cute as they can be.
—One turkey is a good big plate full for one person.
—We pack them in compartments and they'll keep for hours.
—They'll be the source of lots of fun among the old folks and the cause of great wonderment among the imaginative kiddies.

Each will only make 1000. First come first served. So order right away. No charge for delivery—Six for a dollar or two dollars a dozen.

FROZEN EGG NOG

—We are famous for our frozen egg-nogg and a Thanksgiving without egg-nogg would be like a Christmas without a tree.
—We are proud of our reputation and always mix up a lot of pride in with the ingredients when we make egg-nogg. In fact, it is our annual Thanksgiving contribution to our customers, for we always charge a dollar a quart except on Thanksgiving day, when the price is 80c a quart (delivered free).

THANKSGIVING SPECIALTIES

Maroon Glace \$2.00 lb.
Cream Nuts 75c to \$1.00 lb.
Salted Walnuts 50c lb.
Cap Bon Bons 15c doz. and upward
Pump Pudding 50c lb.
Little Turkeys 15c to \$1.25 each
Fluted Nut Cases 30c and upward
Turkey Nut Cases 30c and 75c per dozen

CANDY SENT BY EXPRESS

A pound box of our best candy sent, expressage paid, to any place in California for 75c; a two-pound box sent, expressage paid, for \$1.35. Remember your friends in other localities. Show them what fine candy can be had in Oakland. Nobody in the United States makes candy that is superior to Lehnhardt's.

LETTER TO WOMAN WAS HIS UNDOING

At Least It Led Police to Suspicion Man of a Burglary.

SAN FRANCISCO, Nov. 21.—A letter hastily scribbled to a young woman who had fascinated him, has led to the police to suspect that "Dr." Revis, alias George Jennings, alias G. B. Cullins, knows something about the burglary at the Aero Bar, at Fillmore and 24th streets early this morning.

The proprietor, H. E. Crabtree, went home early last night, but when the bartender, Philip Woodson, closed up at 2:45 a. m. Dr. Revis was with him. A sack containing \$50 was placed in a compartment underneath the bar. When the bartender William Wallace opened up at 5:30 a. m. he discovered that the money was gone, that a window had been forced on the side of the building, and that a letter, initialed the previous evening by Dr. Revis to Miss Stella Nelson, of 3597 Sacramento street, lay on the floor, together with a fountain pen belonging to the same man.

GIRL TELLS STORY.

The police were called in promptly and an investigation begun. Miss Nelson, who is but 17 years old, had met Dr. Revis only twice and knew nothing of him other than that he told her once that his name was George Jennings and again that it was G. B. Cullins and that he lived at 3405 Fourteenth street and worked for the American Coffee House.

No such address on Fourteenth street exists and it was discovered that the address given the saloon people, room 24, 1271 Market street, was also fictitious. The police are searching for him.

NEW IMPROVEMENT CLUB ORGANIZED

Residents on Kempton Avenue Band Together for Better Fire Protection.

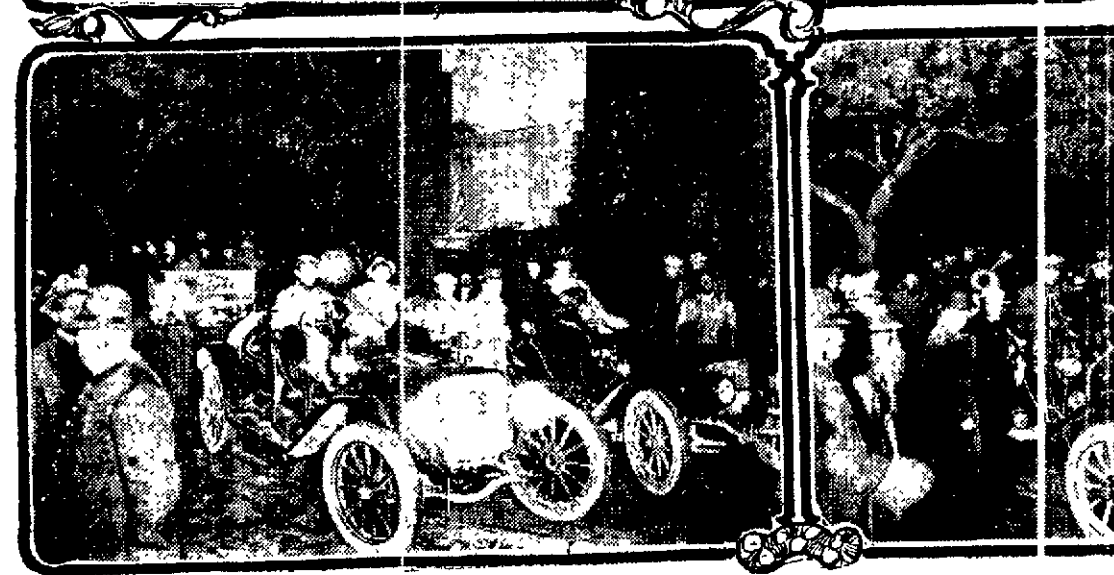

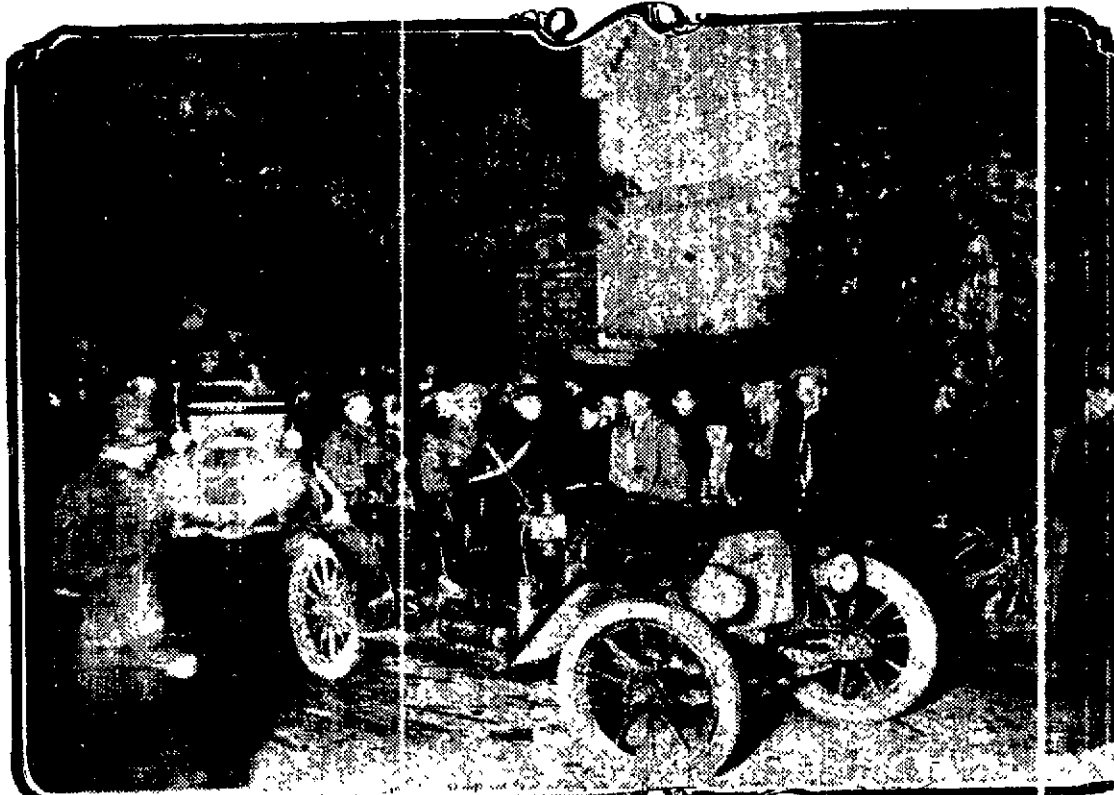

The Kempton-avenue Improvement Club was organized Thursday evening at the home of City Librarian Charles S. Greene, 185 Kempton avenue, with the following members:

W. F. Kroll, J. C. Merriam, E. A. Pierre, James A. Thompson, W. C. Sullivan, M. D. C. H. Wilcox, Ralph Fisher, E. P. Seidman, W. A. Horn, E. M. Lynn, F. B. Plant, C. F. Rillier, Stanley J. Smith, Mrs. A. Bishop, William F. Neary, Mrs. Nora Rylo, M. C. Brennan, Wallace Morrison and Mr. Greene was elected chairman and Mr. Plant secretary. The object of the organization is for the obtaining of such public improvements which will give to the homes of that exclusive district better protection against fire in the way of water hydrants and all other modern conveniences.

This district, being up on the Lincoln Vista hills, has practically no protection, for in case of a fire it would be necessary (especially in the south end) to run a line of hoses about three blocks and up a hill. This matter of laying a new main and placing the hydrant was ordered put in by the city council about two years ago, and the club authorized the secretary to find out through the Board of Public Works just why this work had not been done and who was responsible for the delay.

4,500,000 Persons Idle in Country, Declares Report

NEW YORK, Nov. 21.—The number of unemployed in the United States is estimated at 4,500,000 by the investigating bureau of the Bowers Mission here.

About 15 per cent of them are said to be in New York City and vicinity.

The mission plans to obtain work for 7000 men during the winter.

CRUISER FLEET IS IN HARBOR AGAIN

Warships Will Remain in Port During Visit of Japanese Men-o'-War.

SAN FRANCISCO, Nov. 21.—The Pacific cruiser fleet, commanded by Rear Admiral Barry, arrived here today from the Southern California coast, where the vessels have been engaged in target practice.

The fleet, consisting of the flagship West Virginia and the armored cruisers California, Colorado, South Dakota, Maryland and Pennsylvania, will remain in port during the stay of the Japanese cruisers Asama and Kasagi, which are expected to arrive tomorrow from the Orient by way of Honolulu.

One Man Killed in Big Seattle Storm

Two Inches of Rain Fell and Landslides Reported; No Marine Disasters.

SEATTLE, Nov. 21.—No marine mishaps have been reported as a result of the violent storm of Saturday and Sunday. More than two inches of rain fell in 24 hours of Sunday.

Street car lines were tied up by landslides and one man, a railroad laborer, was killed by falling earth.

The new outlet of Lake Washington is carrying off much of the surplus water and the floods in the country south of Seattle will be less serious than in former times of heavy rain.

PIGEON FANCIERS IN READINESS FOR SHOW AT PIEDMONT

Prize Columbia Wyandotte entered for the poultry show by Clarence Siegfried of Alameda.

From All Parts of State Exhibitors Have Sent Entries.

All is in readiness for the annual show of the Alameda County Pigeon Association and the California Poultry Club to be held in Oakland at the Piedmont Pavilion, Twenty-fourth street and Oakland avenue, November 23 to 27 inclusive.

The following is a partial list of the one hundred and thirty exhibitors. W. H. Elfrsch, Irvington; W. H. Ingram, Fruitvale; A. A. Corrie, E. Oakland, Henry A. Hoyt, Santa Rosa, R. A. Cohen, Alameda; J. P. McDonough, Geyersville; H. R. Noack, Oakland; F. E. Baldwin, San Jose; M. Bassett, Hanford; Goodacre Bros., Compton, Emil Kessler, Sacramento; Williams Bros., Los Angeles; C. E. King, Los Angeles; T. R. Quayle, T. L. Aborell, W. J. Head, W. T. Frost, Mrs. A. Bruenn and Mr. Ellen Jacques of Oakland.

Among the interesting exhibits will be a large display of highly colored pheasants made by H. R. Noack. The state of California is taking an active part in introducing the pheasant and the bird is fast coming in favor.

The following judges will place awards: Poultry, W. E. Standlee, of Hillsdale, Michigan; Pigeons, J. W. Sayers of England; J. C. Doan, of Belmont, California and J. H. Crow of Oakland.

PUNISHMENT FOR STUDENT WHO CHEATED

UNIVERSITY OF CALIFORNIA, Nov. 21.—Deprivation of credits and probation is the punishment inflicted upon a student found guilty of cheating in a plant pathology class, according to the findings of the students' affairs committee.

The student from whose book he copied, and who permitted him to copy, was, on the recommendation of the committee, warned against the recurrence of such an incident.

SUPERVISORS REFUSE LICENSE

Application of J. O. Nield for Saloon Privilege Turned Down.

The supervisors this morning denied the application of J. O. Nield for a liquor license at the junction of the Hayward-Livermore and San Ramon roads in Dublin road district. The objections made by Thomas Green were on the ground that the proposed saloon was directly in front of the actor's house and distant not more than 100 yards, that it was on the proposed boulevard in Hayward canyon, which the supervisors propose to build from Hayward to Livermore, and that the proposed saloon is intended to cater to the automobile trade.

Furthermore objection was made that Dublin contains not more than 30 people and that within a radius of three miles the entire population does not exceed 100 people; that but two of the persons signing Nield's recommendation reside in Dublin, the others residing from half a mile to three miles distant, and that there are two saloons in Dublin at the present time, and if the proposed saloon is opened it will be about 100 yards from the others, which cannot then do a legitimate business.

PLEADS FOR LICENSE.

Nield was present at the meeting and denied some of the charges made by Green. He said he had really secured the signatures of nine of the ten nearest residents to his proposed place of business. It was his purpose to run a respectable place. He had ten acres of ground there and intended to turn the property into a park, which could be used for recreation purposes for the people in the neighborhood and for people passing along the road in autos.

Green was also present and repeated the objections which he had filed with the board. He stated that he did not run a saloon in Dublin, but he owns a building in which there was a saloon and that it had been run there for many years.

The vote to deny the application was then taken, all the members present voting against granting the same. Liquor licenses were granted as follows: Mrs. Anna Py, Scott's corners, San Jose; Fred Hart, Dublin canyon.

The application of H. D. Free, of Alameda for a liquor license was referred to the license committee.

Inhaling Auto Gas Almost Kills Child Passing a Machine

PATERSON, N. J., Nov. 21.—A new automobile peril is revealed here by the case of James Greenbury, an 8-year-old child, who was rendered unconscious by inhaling the exhaust gases from a passing automobile. He was taken to a hospital and revived after heroic efforts.

The boy was walking with his parents and while passing an automobile that was standing at the curb got the full force of the exhaust in his face.

AUTO SHOW

Greatest Ever Held in the West.
MILLION DOLLAR WORTH OF CARS ON DISPLAY.
Admission 50c

Public Right Must Be Preserved.

Street car franchises are granted to private corporations for the sake of public convenience. The people are willing to give away valuable privileges that their convenience may be served properly and fairly. Such grants at once become property of value, but their permanence and security depend upon a faithful performance of the obligations incurred by the grantees, who must not abuse the privileges nor fail to observe the conditions attached to their grants.

These remarks apply with pertinence and force to the stoppage of the Piedmont avenue, the Shattuck avenue and the College avenue cars above Tenth street. The Traction Company is serving its own convenience at the inconvenience of the public. Passengers are required to take transfers or walk the remainder of the way if they desire to go below Tenth street. As the Seventh street station, the courthouse and the county receiving hospital all lie south of Tenth street a great number of people are daily inconvenienced unnecessarily.

But more than that, all lines of trade below Tenth street are being seriously injured by the arbitrary stoppage of the cars at the point mentioned. Tradesmen on Washington street suffer in common with those on lower Broadway. If the condition continues business property below the deadline so arbitrarily established will lose something of its rental value and be depressed in selling value. Hence the inconvenience the public are being subjected to promises to inflict financial injury on a large body of property owners. Retail trade is being forced above Tenth street by denying lower Broadway adequate street car facilities.

It is abuse of privilege for public utilities to be employed to depress property values in some sections and increase them in other sections. By indirection a matter of public convenience is turned into an engine of oppression. In this case public convenience as well as public right is being sacrificed. It is unjust and unfair, and hence the loud complaints demand respectful hearing. They are entitled to the earnest consideration of the Traction officials as well as the municipal authorities. The public will insist upon a square deal in this matter.

Once England became involved in a war with Spain because an English sailor had his ear cut off in a Spanish port. The lynching of Antonio Rodriguez is a case of history repeating itself. The Texans had better stick to burning Negroes.

The revolutionary outbreaks in Mexico are a forerunner of the general disturbance that is likely to follow the death of Diaz.

Don't Quarrel With a Polecat.

How good it is for brethren to dwell in peace together. For instance, the Sacramento Bee makes the following neighborly response to some chiding remarks addressed to it by the San Francisco Bulletin:

"When a paper with such a decayed and ill-smelling past as the Bulletin's—drunk with a victory she conceives to be all her own—starts out to run amuck against every journal not edited to suit her crazy whims—against every man who declines to be lashed into a cringing position by Meyer Lissner and Fremont Older—then it is high time this journalistic lady with a past be requested not to parade her self-advertised virtue so offensively in the camp, until she has spent a little longer period of repentance in the Magdalen asylum."

Not so long ago the Bee and the Bulletin were cooing in concert, exchanging uncomplimentary opinions respecting other journals. Lately, however, the Bulletin has advertised (in a small way) the Bee as a misleader of the righteous and a purveyor of political vice. Why should the Bee complain? Nearly every paper of prominence in the State has fallen under the ban of the Bulletin, been the target of its billingsgate. Combining the morals of Black Bart and Tartuffe with the manners and vocabulary of the fishmarket, it has no character to lose and no power to inflict injury by libel. Let us be thankful it is no worse. It could not very well be.

The success of the automobile show is another evidence of Oakland's progressive spirit.

In Sunday's TRIBUNE it was stated that the Democrats would have fifty-one Senators in the Sixty-second Congress. Obviously this was an error. In the present Congress the Democrats have thirty-three Senators and the Republicans fifty-nine. In the recent elections the Democrats have made a net gain of eight, which will bring their strength in the Senate of the Sixty-second Congress up to forty-one. If half a dozen in-urgent Republican Senators should combine with the Democrats the coalition would be able to control the Senate by a bare majority. However, we have no idea that such a coalition will be formed, as Cummins of Iowa and Clapp of Minnesota, two leading insurgents, will be opposed to any dickering with the Democrats.

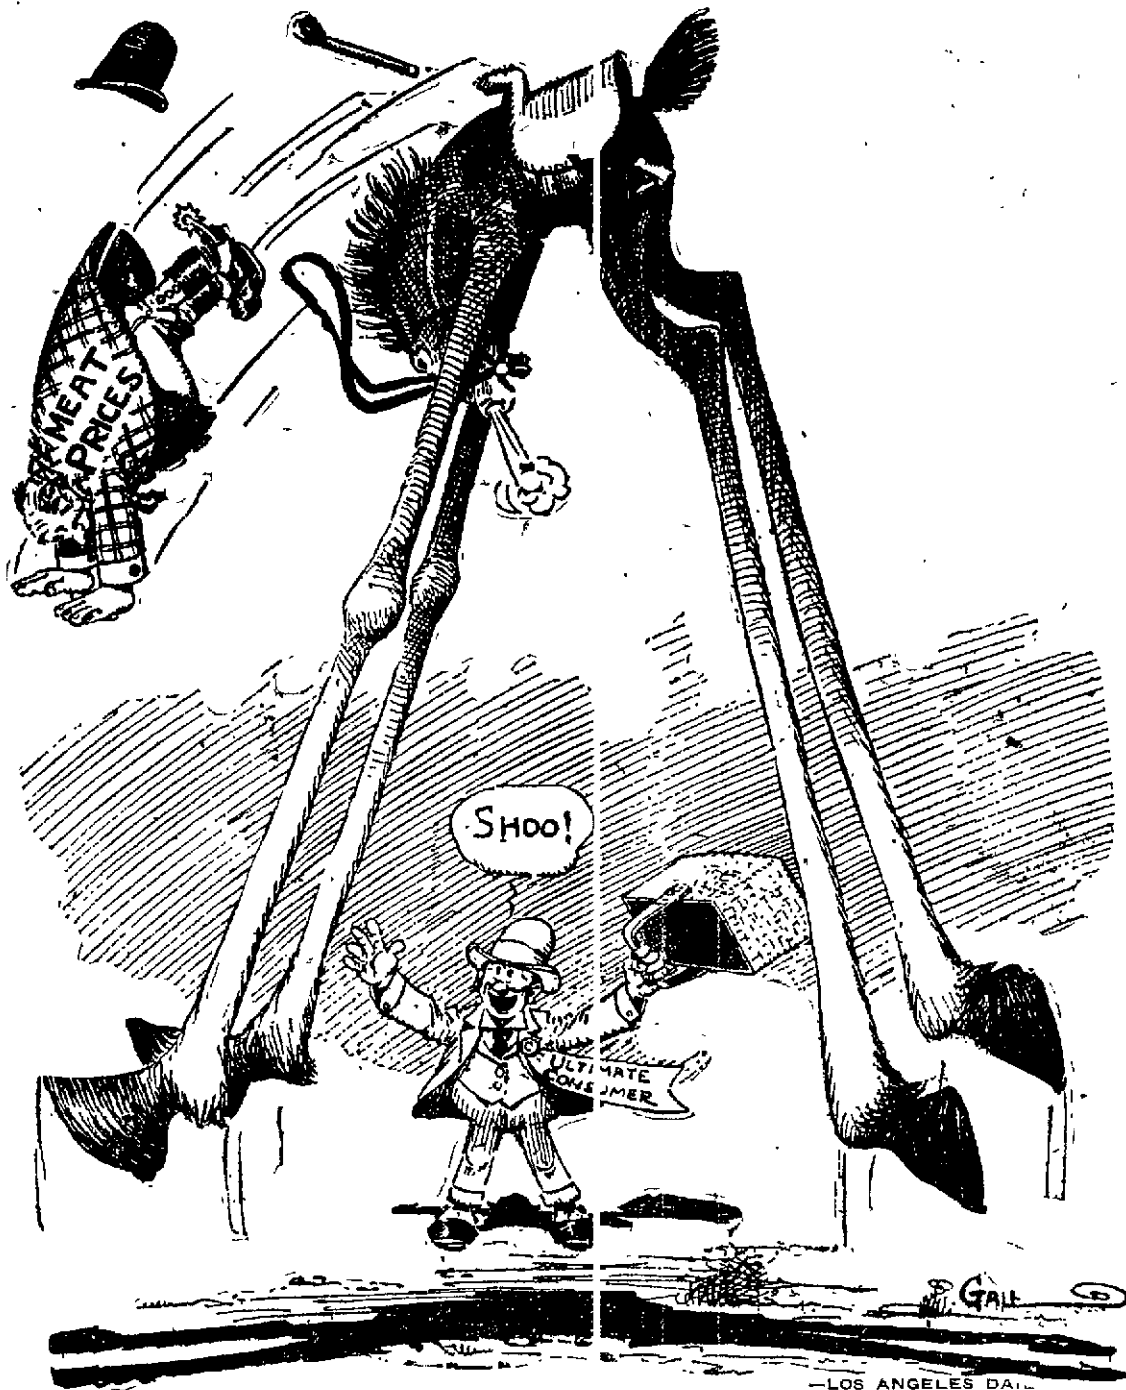

Seeing the progress made at Panama, the Taft smile grew till it rivaled the Culebra cut.

The Holy Synod may deny Tolstoy mercy in this world, but it cannot deny him justice in the next. It is not in the power of man to control the judgments of God.

Opera in English.

"Let us have opera in English," says the Examiner. Very good, but let us first have opera of a high class at reasonable prices. Opera in any language cannot be popularized by making it purely a society affair and charging prices which bar the masses from attending. As yet opera is an exotic in the United States, as it is in all English-speaking countries. If it were given in the vernacular it would be cheapened and popularized. Our musical conservatories would train for the operatic stage and for dramatic singing in the English tongue. This of course would encourage operatic composition in English. There is an abundance of musical talent in this country, but let us first have opera of a high class at reasonable prices. Opera now compelled to finish their training in Europe and learn to sing in foreign languages. There are three schools of operatic music, Italian, German and French, and it requires a long and severe course of training to enable an American singer to take leading parts in standard operas. America pays the highest prices for foreign talent, and at the same time per nits foreign teachers and critics to dictate the conditions under which opera is produced here. Our own language is tabooed. American singers are discriminated against by a system which compels them to learn foreign languages and get their training from foreign teachers. In Europe opera is subsidized; in the United States it is syndicated. In Europe the prices are so regulated that opera is within the reach of all; in Germany a large proportion of the operas must be produced in German. In France the French language is the medium, and in Italy all opera is sung in

OFF HIS HIGH HORSE

Bachelor's Musings

The more temper a man has the more he'll think his wife makes it. A lot of men would rather make a noise with their mouths than a living with their hands. A man can get maddest trying to prove by argument that he never loses his temper. There's hardly anything that derails a man with you more than to remind him that his weather prediction last week was right, especially when it wasn't. The same man who can want to buy flowers all the time for a girl before he marries her can think, after marrying her, that buying gloves for her is a sinful waste. A Kensington spiritualistic medium advertises "Fall styles in raps." You can no longer say of the aviator that there are no flies on him. A woman can relieve her feelings by crying, but a man has to swear. In complaining that he never has a show, many a fellow wakes a show of himself. There is no reason why a man shouldn't walk with a spring even in the fall. The professional sword swallower shouldn't need a tonic to sharpen his appetite. The fellow who carries a borrowed watch should realize that his time is not his own. There are always two sides to a story, and the gossip can generally improvise five or six more.

Persia's Railroads

Visitors coming from Persia can find rapid transit from London to Baku—four or five days; the same from London or Ostend to Constantinople (train de luxe about four days); numerous vessels from Constantinople to Baku (Austrian, Italian, French, German), whence good trains run to Baku. From Baku to Engelli, about one day by boat, and from Engelli to Teheran 48 hours or a little more by stage. The latter costs about \$75 for a carriage, and the carriage may be divided and the expense thus reduced, especially on the voyage back from Teheran to Engelli. Tabriz is 40 miles from the railroad at Djulla, and only five hours by automobile service, recently established. The Russian-built roads, Engelli to Teheran and Djulla to Tabriz, are excellent.

The language is easy to acquire, to the extent needed for ordinary business, and the foreign population and educated natives (who can speak French and sometimes a little English) can be drawn upon for interpreters. There are two French hotels, an English one, and various others. There are several French stores, a Dutch store, a Russian store, etc., which make specialties of goods from their respective countries. I see no reason why an American store would not do as well or better than most of these, or why agencies of American textile, agricultural implements and other factories could not successfully import American goods and export other things besides rugs and carpets, as the United States is now buying Persian articles, such as hides, dates, camel's hair, wool, dried fruits, nuts, licorice, etc., but they are largely purchased through other countries instead of direct.—Consular Trade Reports.

EDITORIAL PARAGRAPHS

Prayer can never be sincerely spoken by the lips and tongue when the hands remain folded with nothing to do; words without deeds makes profitless prayer.

Man's constant vision should be the perfect ideal; when man lowers the standards that keep in view the best he sets down the bars that admit to him indifferent accomplishment.

Good endeavor should always back up your right thinking that you may round out the completest manhood; man's efforts shape his ideals into the real which means success to him.

It is so easy for the man with his pockets full of money to fill his heart full of envy for the man who has more; it is man's greatest misfortune that he should want the other fellow's fortune.

The glee and laughter that bubble up out of the hearts that are care-free take a deep hold upon you and me—awaken our drowsy selves likewise to notes of song.

Success is the happy ending of a career well begun, and in which the race was unselfishly run from beginning to end; success isn't friendly to him who loiters on the way or waits for a pay day.

Man cannot cling to the conventional and compute with other originally inclined personages; when man desires only to please others he ceases to aspire to be his real self.

Man cannot do his work well when he is always thinking of how much better he could do it at another time; when a man prefers to defer, he can't brag about his purpose of the past or his success of the present.

IRVING AS A CRITIC

In this connection I recall a conversation I once had with Henry on the subject. I was telling him of my Shakespeare studies.

"When I was about 16 or 17, and very unhappy, I foreswore the society of men. Yet I was lonely all the same—I wanted a sweetheart! Shakespeare became my sweetheart. I read everything there was to read about my beloved one. Between the ages of 17 and 20 I lived with his plays. I am sure, by the way, that 'Thus Andronicus' is not by Shakespeare. What do you think?"

"I can't say," Henry answered calmly. "I have never read it."

"I was much impressed by this simple admission and contrasted it with the pretentious claims to know all about everything which some lesser men put forward."

"This referred to a conversation in the course of which a Mr. S had attacked Henry for his reading of 'Macbeth.' Henry, I remember, and listened patiently to the rather conventional reasons urged by Mr. S to support his assertions that Henry was all wrong. Macbeth was a brutal, bloody warrior, and so on. When Mr. S stopped for want of breath, Henry said bravely:

"I say, S, have you ever read Macbeth?"—Ellen Terry in McClure's.

RELIGIOUS 'CENSUS'

The house to house visitation to ascertain what proportion of the population of Chicago has church affiliations seems to have been a pretty thorough one. It covered 1,800,000 people, of whom 74 per cent were adults. It appears that of the 1,390,000, 948,500 were active church members, while 281,000 attend Sunday school.

Now, in view of what has been said of the irreligiosity of Chicago—said regretfully by religious men—this is not a bad showing. It would not be the first case where the careful collection of data showed that a situation was not so black as it had been painted. We know that in a great city, with its miscellaneous population, and a considerable proportion with no home ties, the percentage of church membership and church attendance cannot be so high as in a small place.

The statistics gathered would be a little more interesting if they gave the

Timely and Interesting Topics

One of the features of the theatrical exposition which took place in Munich recently was the marionette theater, of which an American, who attended one of the performances, writes: "The Munich zoo, where the exhibition took place, swarmed with theatrical people, artists and patrons of the stage. Every person found something to interest him, but the puppet theater was the chief attraction for us. We saw two performances—'Offenbach's 'Freddy Maid of Elizendo' and 'King Viola and Princess 'Orlinda', by Muhlmann and Scherzer. So closely did the spoken words harmonize with the acting of the figures and so exactly did the manipulators of the strings and wires make the action suit the word that one fancied he saw living pygmies on the stage. An actor who overheard our enthusiastic remarks said: 'When Goethe ran a puppet theatre it was a plaything, but now, with moving pictures and talking dolls, the mechanical theatre has become our rival.'"

MOVING PICTURES IN PRISON

From Leavenworth comes word to the effect that the federal prison at that point may be equipped with moving pictures, as a diversion for convicts when they are not otherwise engaged in doing the lock-step and minding the guards.

Let us not assume a top-lofty attitude by intimating that the poor fellows at Leavenworth are already suffering severely enough, without being subjected to the necessity of watching those "dramas" which, in the majority of cases, lack real interest, just as all of them lack perspective.

Doubtless it is usually the rudimentary mind that cannot move in the channels prescribed by society—which cannot "trim" and compromise enough to get along without using flumes and sand-bags. And doubtless the rudimentary mind always finds something to marvel at in the world exhibitions of the picture machines, in which the "tempo" is always so greatly accelerated that a love scene, for instance, appears like a com-

plined athletic contest and a display of locomotor ataxia.

A picture showing a field or a forest must inevitably cause the prisoners to sigh with regret. A city street depicted must bring an unconquerable longing for a glimpse of the thousands of human faces which, absorbed in their own selfish affairs, are still kindness itself by contrast with the man who is constantly on the alert to see that they do not smuggle a file into their cells.

We have known of rich children who have exhibited their marvelous Christmas presents to the forlorn wretches outside the pale; rhapsodizing on the doll that neatly enunciated "mamma," and the engine that says "choo-choo" as its wheels go around, without stopping to inquire into the judgment of a Santa Claus which can leave half of creation off his visiting list.

And it seems to us a refined sort of torture to show "imprisoned men the things they have not, or the things they have lost, while they are trying to work out some of the whys and wherefores of this perplexing world.—St. Louis Times.

'SULKING IN HIS TENT'

Col. Roosevelt's action in "sulking in his tent," which has been repeatedly referred to since his plans to visit astray in New York, affords additional evidence of the fact that the former President's chief characteristic is egotism.

The child who refuses to play because he cannot decide what game is to be indulged in is not a more sorry and undisciplined figure than is that of the soldier-statesman who now refuses to see those who were never in doubt of their welcome, as long as Col. Roosevelt had his way in all things.

The closing of doors at Sagamore Hill against reporters and correspondents is a poor recompense for the faithful work of the news; after men, who have performed yeoman service for the man who has no use for them.

Col. Roosevelt's first spectacularly popular achievement was the taking of

San Juan Hill, which the newspaper men got into big letters on the front page. Soldiers who afterward returned from Cuba, bringing the famous pictures, stated that Col. Roosevelt was not in the immediate vicinity of San Juan Hill when that stronghold was "taken," were given slight credence by the reporters who regarded the episode as too picturesque to be disturbed.

The Colonel should come out in the yard and play again. It is human to err. He should not have expected to maintain the rank of a demigod before the argus-eyed public. BABY JOHN IS MARTIN CASE WITNESS

Queen of Dynamiters Fails to Create Scene When He Appears.

Boy Re-Tells Old Story of Attempt on Ogden Residence.

"Baby" John B. Martin, the principal witness for the state in the prosecution of Isabella J. Martin for dynamiting the home of Judge Frank B. Ogden, whose second trial is still in progress in Judge William S. Wells' department of the superior court, was called to the stand this forenoon about 11 o'clock. It had been confidently expected that when the lad came face to face with his erstwhile foster mother the latter would create a scene in the court room, as when Assistant District Attorney Hyne called his name everybody present waited with bated breath for what was to come.

But the anticipated scene failed to develop. Court Bailiff Jones led the boy into court and he went straight to the witness stand, passing no closer to the chair that Mrs. Martin occupied than he could have touched her on the shoulder but not even glancing at her. The prisoner exhibited absolutely no interest in the lad, maintaining her composure and not even looking in his direction until after he had taken the oath and seated himself in the witness chair. Then the eyes met for the first time since young Martin testified at the first trial. John flushed and diverted his eyes, while Mrs. Martin gazed a couple of minutes at him intently. Then she settled back to her work and the tension was broken.

MRS. MARTIN INTERRUPTS.

Assistant District Attorney Hyne had hardly put the first question to "Baby John," when Mrs. Martin interrupted him. She said, addressing Judge Wells: "Your honor, I request that you instruct this witness as to his rights as an alleged accomplice in this case."

"The young man has been fully advised long ago by the district attorney's office in that regard," said the assistant prosecutor.

"That's what you say," eagerly interjected Mrs. Martin. "But John should not believe you any more than I do. District Attorney Donahue has told John that he is liable to prosecution and you can take it from me that when the other side gets through using him against me they will prosecute him. I insist that the court instruct him as to his rights."

Judge Brown asked John if he understood that he did not have to testify in anything that would tend to incriminate him, and he replied that he did.

CAR SKIDS OVER TURN; DRIVER BADLY HURT

First Accident Recorded in the Practices for Los Angeles Auto Races

LOS ANGELES, Nov. 21.—The first accident on the Santa Monica automobile course occurred today when the Knox racing car being driven by Earl Morrison in practice for the Thanksgiving day race, skidded and hit a tree at "Dead Man's Turn" at Nevada and Ocean avenues, demolishing the machine, breaking four of Morrison's ribs and injuring him internally.

He was taken to the Santa Monica hospital in a serious condition. The curve where the accident happened is the most dangerous of the course and was the scene of a number of bad smash ups in the practice preliminaries last year.

Henry Brown, the regular driver of the Knox machine, was riding on the rear of the car at the time and was hurled out but only slightly injured. Morrison who was at the wheel, is the Knox machine.

The course at this point is banked six feet high to permit the cars to make the sharp angle turn but Morrison's car skidded over the bank and turned over several times before hitting the tree.

Then the assistant prosecutor proceeded with the examination.

BEGAN SCHOOL IN 1908.

John testified that he was 13½ years old and that the first time he attended school in his life was at Weaverville in the fall of 1908, after his arrest and the apprehension of his putative mother. He said he was at present a pupil in the Weaverville High School.

The witness told the jury about the manner in which the dynamite found in Mrs. Martin's residence was shipped by her to Oakland from Weaverville and identified the feather mattress in which it was packed in a box. The fuse found on the Ogden premises after the explosion was shown to John for identification. He said that it looked exactly like the one he had planted and set off, but that he could not positively identify it as being the same.

At this Mrs. Martin chuckled perceptibly and interjected the aside to the witness, "Good boy, John; good boy, John."

Assistant district attorney Hyne protested to the court against the outburst and Judge Wells enjoined Mrs. Martin to refrain from further demonstrations, but she paid no attention to him and went on with her interruptions. When John would tell something that did not please her she would say: "John, John, you must tell the truth; you must tell the truth."

TELLS OF HIS PART.

Young Martin detailed the part he took in the blowing up of Judge Ogden's residence under the alleged direction of Mrs. Martin. It was the old story which has been told and retold so often since the memorable night of March 19, 1907.

In all probability Mrs. Martin will cross-examine "Baby John" tomorrow. At the first trial of the woman the refusal of her attorneys to allow her to cross-examine the boy was the rock upon which Mrs. Martin and her counsel split. Now, however, she will have the opportunity to do this and the battle of wits between the lad and the shrewd "Queen of the Dynamiters" promises to be worth hearing, because John seems mentally able to cope with his erstwhile foster mother in any examination she may choose to conduct.

Chief Justice Beatty of the State Supreme court appeared today as a witness for Mrs. Martin, but after a short conference with her he announced to the court that the prisoner had decided not to put him on the stand. Judge Wells excused him from further attendance.

CHARLES E. NAYLOR, JR., AND WIFE WERE TWICE MARRIED A YEAR AGO

MRS. CHARLES ELWOOD NAYLOR, who was secretly married a year ago.

The marriage of Charles E. Naylor, Jr. and his wife, who was Miss Jean Guy, was an elopement of a year ago. Without telling their families or friends of their plans to wed, the couple obtained a marriage license in Oakland and went to Alameda, where they were married by the Rev. Father J. J. Hennessy of St. Joseph's church.

After the ceremony performed there, Mr. and Mrs. Naylor went to the First Presbyterian church and again went through the ceremony, which was performed by Rev. F. F. Brush. This plan of a double marriage ceremony was to conciliate Mrs. Charles E. Naylor Sr., mother of the bridegroom.

After having the nuptial knot tied

in this manner, Naylor and his wife telephoned their respective families that they had been married and were speeding away on a honeymoon journey. The news was a complete surprise.

The couple lived at the Key Route Inn for several months and then went to Alameda to live. In 1912 Clinton avenue, Mrs. Naylor is the mother of a two-months-old baby. She has just undergone a dangerous operation at the Alameda sanatorium, and was held out for recovery two weeks ago.

Mrs. Naylor was only able to leave the hospital last week. She is a sister-in-law of Mrs. William Hammond Jr., wife of a councilman in this city.

20,000 ATTACKED DAILY BEDECKED BY INFANTILE PARALYSIS

Alarming Statistics Given Out Showing Spread of Disease in America

NEW YORK, Nov. 21.—Statistics gathered from various sources by a New York medical journal show that infantile spinal paralysis has attacked no less than 20,000 persons in the United States during the several epidemics of the last few years. Although the mortality seldom exceeds 10 per cent, at least 75 per cent of the victims are crippled for life.

Dr. Simon Flexner, head of the Rockefeller Institute, who has been studying the disease, is authority for the statement that no means to eradicate its causes or prevent its development is yet known.

"Those of us who have had to deal with this malady or who have studied its unchecked progress," he says, "have come to realize how helpless we are. We know it to be epidemic. We believe it to be contagious. We have learned that there are abortive forms, without paralysis. Its age, incidents and seasonal occurrence are known to us. We are acquainted with its terrible results. Nothing more."

EFFORTS FRUITLESS.

"All efforts to discover the infectious agent microscopically are fruitless, although it can be as easily handled and controlled as ordinary bacteria, inasmuch as no one has as yet succeeded in seeing it, and as it is filterable through substances impervious to bacterial, it is thought to be too minute to intercept those rays of light visible to the human eye. Possibly by means of ultra violet rays it may be photographed."

"There is so little known about the means of transmitting the disease that all possible measures of isolation should be adopted both in sporadic cases and in epidemics."

MRS. SCHENK IN COURT

She Does Not Plead to the Indictment Because of Lawyers' Move

WHEELING, W. V., Nov. 21.—Mrs. Laura Farnsworth Schenk, wife of the wealthy pork packer, John O. Schenk, whom she is accused of attempting to poison, was taken in a court today to plead to the indictment found against her last Friday by the special grand jury.

Mrs. Schenk, attired in the latest style and wearing an abundance of jewelry, appeared unconcerned and composed, and smiled to friends. She was not asked to plead, however, her attorneys saying that they would file five special pleas on Wednesday.

Mrs. Schenk was in the courtroom about ten minutes and was then returned to the county jail. It will not be considered until the special pleas are filed.

Two Men Follow Two Fat Turkeys For Vanderbilts

PORTSMOUTH, R. I., Nov. 21.—Two watchmen on the local farm of Alfred G. Vanderbilt are spending all their time these days keeping guard over two particularly fat turkeys which Mr. Vanderbilt has personally picked for his Thanksgiving dinner.

There are hundreds of turkeys on the great farm, but Mr. Vanderbilt values these two and nine others.

From the fact that turkeys are said to have a much better flavor when they have been left to run at large, one man follows them around during the day.

At night the turkeys roost in the trees and the second watchman mounts guard and means to make them safe from two or four-footed prowlers.

ELOPEMENT IS NIPPED IN BUD

Plan Frustrated by Brother of 17-Year-Old Groom-to-Be, With Aid of Police.

Girl Is Sent Home and Boy Is Given Back Into Custody of Parents.

BERKELEY, Nov. 21.—A youthful elopement which was intended to begin in Berkeley with a nuptialization of \$5 and end with a honeymoon at the Fish ranch at Contra Costa county, went awry through the intervention of a brother of the groom to be and the police.

The principals in the romance end of the affair were Homer Keran, aged 17 of 2617 Ellsworth street, and Miss Josephine Bettelini, aged 13, a stenographer of 1318 Josephine street. The actors have to do with the rules and proscriptions of the affair were a brother of the youth, H. C. Keran, and Policeman Lee. It all happened last Friday evening, although the police breathed not a word of it until today and the parents and relatives of the couple are equally reticent about it.

POLICE TAKE HAND.

H. C. Keran informed police headquarters about 9 o'clock Friday evening that his brother was about to play the young Lockinvar and that he wished the whole business nipped in the bud.

The pair were in the corner of Ellsworth and Parker street on a still hunt for the youthful pair and found them about to enter a buggy which young Keran had hired from a livery stable preparatory to leaving on their intended marital journey.

Policeman Lee took the pair to the police station. The boy was later taken home by his brother and Lee escorted Josephine to the residence of her mother, Mrs. E. C. Bettelini. The latter was prostrated over the affair and gave expression to her grief over her inability to control the girl whom she said had given her trouble before.

It was found that the rig had been hired on credit from a Berkeley stable. When Policeman Lee espied the couple seated in the buggy the boy made no secret of his intention to marry the girl.

In reply to the policeman's questions as to the state of their finances, Keran stated that he had \$5 with which to buy the marriage license and begin his household. He announced that he and his wife-to-be intended to spend their honeymoon at the Fish ranch where he said he had been promised a position.

The bride-to-be broke down and wept when taken to the police station.

When seen at her home today, Mrs. H. Keran, mother of the boy, stated that she felt sorry for the girl's mother.

"The girl is a dime novel heroine," said Mrs. Keran and likes nothing better than to have publicity given her. "I don't know how to control her, but I don't think she is a good whippersnapper."

RELIEF CORPS IS TO BE ORGANIZED

President of Oakland's Auxiliary to the G. A. R. Visits Alameda.

ALAMEDA, Nov. 21.—Mrs. Laura Jacobs, president of the Oakland Women's Auxiliary corps of the Grand Army of the Republic, was in this city Saturday to organize a relief corps here.

Many Alameda women are interested in the Grand Army organization, and have signified their intention of affiliating with the new corps. Mrs. Jacobs is the installing officer of the California and Nevada division. The auxiliary bodies are formed in connection with the Grand Army posts. Joe Hooker post has been in existence in this city for many years, but the first to never had a women's auxiliary corps, and is said to be the only community of its size on the Coast with a Grand Army post that has not such an organization.

Mrs. Mary Cameron Benjamin is a member of a relief corps of Sacramento, who is interested in the formation of a local organization. Dr. L. A. Elster of Joe Hooker post will act as one of the organizers of the Women's Relief corps.

BABIES KILLED WHILE ASLEEP IN THEIR BED

Father Killed Outside and His Body Thrown Into the Flames; Murderer Is as Yet Unknown

MARYVILLE, Mo., Nov. 21.—Oda Hubbell, a farmer living near Barnard, Mo., and his wife and two children, were shot and killed at their home last night by an unidentified person, who set fire to their house to conceal the crime.

Hubbell and his wife were each 30 years of age, and the children killed were Jessie, a girl, and Walton, a boy, aged 6 and 4, respectively. This constituted the entire family.

Neighbors heard shots at the Hubbell home early last night, but no one made an effort to investigate the cause. At midnight it was discovered that the Hubbell house was burning, and all residents in the neighborhood joined in an attempt to extinguish the flames.

When this was done the charred bodies of the two children were found in bed in their room, where it was evident they had been killed while sleeping. Hubbell's body was found lying on the floor of another room, and his wife's body was on her bed, where she probably had been shot without warning.

It is believed that Hubbell had a struggle with the murderer. A pool

Suspect Is Arrested

MARYVILLE, Mo., Nov. 21.—Ezra Roscoe of Barnard has been arrested in connection with the murder of the Hubbell family. The evidence against Roscoe is purely circumstantial. It is said that Hubbell had won a large amount of money from him in a card game. Roscoe recently completed serving a ten-year sentence for having killed a farmer's wife.

of blood outside the house indicated that he had been shot there and his body dragged inside after he was killed. There is no clue to the identity of the murderer, although one neighbor recalled having heard Hubbell say that a gambler from whom he had won money had threatened to kill him.

CONGRESSMAN KNOWLAND ON WAY TO WASHINGTON

Representative Will Spend Several Days at the Gulf Deep Waterways Convention

Congressman Joseph R. Knowland, accompanied by his wife, his two sons, Russell and William, and his wife's mother, Mrs. Florence B. West, left for Washington on the Overland Limited this morning. Miss Eleanor Knowland, who is attending a young ladies' seminar in Berkeley, will remain in California during the coming term session of Congress, which terminates on the 4th of March.

TWO DAYS IN ST. LOUIS.

Representative and Mrs. Knowland will stop over two days in St. Louis, Mr. Knowland being a delegate to the Louisiana Gulf Deep Waterways convention. It has been feared that at this convention, which will be controlled by the friends of New Orleans, an attempt will be made to pass resolutions favoring the Southern city as the site for the Panama exposition. Such action will be vigorously opposed by the delegates from California. Congressmen Kahn and Hayes will also attend the St. Louis convention and, together with the other state delegates, left for the East this morning, a special car being attached to the limited. From St. Louis the Congressmen and a number of the other delegates will proceed to Washington. With the departure of the Californians this morning the great fight for the exposition begins in earnest.

FLATTERING VOTE.

Congressman Knowland goes to Washington with the distinction of having received the largest plurality at the November election of any Congressman in the United States. Mr. Knowland's total was 34,231, the plurality of the Representative from the Third district being 27,238, which is a remarkable showing in view of Eastern results. With the defeat of Congressman Lochman, Knowland will rank second in the California delegation in the House for continuous service. He began his service during the Fifty-eighth session, served during the Fifty-ninth, Sixtieth, Sixty-first and has just been re-elected to serve during the Sixty-second.

"We have a hard fight before us to obtain Congressional recognition for the Panama-Pacific International exposition," declared Congressman Knowland this morning. "But we will put up a good fight. Governor Gillett and Governor-elect Johnson are both coming to Washington to assist. Other prominent Californians will be on the ground when Congress convenes. New Orleans is going to send a large delegation. It will be a battle royal. From a financial standpoint, California makes the best showing, and this should count."

FOR OAKLAND HARBOR.

Congressman Knowland stated that he expected there would be a general river and harbor bill at this short session and that he would put forth every effort, with Senator Perkins, for a liberal appropriation for Oakland harbor. "The thirty-foot project has been adopted," he declared, "and our efforts will now be directed toward completing it as rapidly as possible. We want this waterway ready for the largest ships by the time the canal opens. I shall attend the River and Harbor Congress as a delegate from the Oakland chamber of commerce. This congress is for the purpose of arousing public interest for annual and liberal river and harbor bills."

Gas, Heartburn, Headache and
All Misery From Stomach
Vanishes Before You
Realize It.

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous and immediate relief which is obtained by taking a few minutes, besides overcoming all food, nausea, and odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each bottle, of Scott's Emulsion, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, nausea, headache, dizziness, and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, it is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Scott's Emulsion, which will always, either at bedtime or during the day, relieve your stomach misery and digest your meals, is about as handy and reliable a thing as you could have in the house.

FOSS CHALLENGES LODGE TO FIGHT

Declares Senator Must Withdraw From Re-election Contest or Suffer Defeat.

BOSTON, Nov. 21.—Governor-elect Eugene N. Foss issued a statement last night in which he demanded that Senator Henry Cabot Lodge withdraw from the field for re-election.

In the event of a refusal, Foss declared he would go into every section of the commonwealth in a campaign to defeat the senator. Foss' statement in part follows:

"In the name of the majority of the sovereign people of the commonwealth of Massachusetts, I demand that Henry Cabot Lodge surrender his seat in the United States senate by withdrawing from his contest for re-election.

"His election to the senate would be a repudiation of the great victory of the people at the last election. He was on trial as much, if not more, than Governor Draper, and if he had been the candidate my majority would have been double what it was.

DEFINES ISSUES.

"The issues on which the fight was made, on which I was elected, were honest tariff revision, downward, lower taxes on the necessities of life, free material, an untaxed food supply reciprocity with Canada, and more democracy in our form of government.

"We all know where Senator Lodge stood on these issues and why he stood on them. To re-elect him would be a step backward and Massachusetts has never learned to walk backward.

"I shall never sign his credentials except at the end of a campaign which will make at least one look like an afternoon tea party.

"He must surrender, or fight. He must defend his position before the people. BEAT YOUNG MINER TO DEATH AT DANCE

JACKSON, Nov. 21.—While dancing was in progress at Michael Cavallero's home in Drytown last evening, Jack Sampo, his brother and a friend, entered the house. A young miner named Stephen Pistone was dancing with one of Cavallero's daughters, and the Sampsons began to make disparaging remarks concerning the girl's mother. Pistone went to quiet them, but one of the Sampsons raised a chair to strike her, but broke the electric globe instead.

Pistone sought meanwhile to escape by a rear door, but was followed, and when attempting to get through a wire fence was caught. One of the Sampsons held him while the other struck him repeatedly on the head with a rock, the victim falling. The victim was then dragged back to Cavallero's house and put to bed. He was found dead early this morning.

Constable Bona placed all three men in jail at Jackson, but it is believed that only the Sampo brothers are responsible for Pistone's death. All the parties are Italian. An inquest is in progress.

\$2,000,000 PAID FOR SAN JOAQUIN GRAPES

STOCKTON, Nov. 21.—Final grape shipments show that the vineyardists of northern San Joaquin county received about \$2,000,000 for their crop this season, the shipments being heavier than heretofore. While all of the growers made fair profits, others exceeded their greatest expectations and will add large sums to their bank accounts. A total of 1810 cars were shipped, as against 1613 last season, and the average price per car was \$215.48, or an average selling price per car of \$248.48. The figures herewith given are for table grapes.

NEWS OF THE OIL FIELDS

OIL OPERATORS READY TO PLEAD WITH CONGRESS Will Rush Demands as Result of Bakersfield Conferenc; Midway Premier Gusher Breaks Loose

BAKERSFIELD, Nov. 21.—At a conference between members of the oil men's committee, who will go to Washington in a few days to wait on Congress and Congressman S. C. Smith, it was decided to devote the committee's efforts solely to questions relating to the future of the oil fields. The subject of the future disposal of oil lands will not be broached by the committee. Smith informed the oil men that he had strong hopes of getting the necessary laws to pass away and the committee of the present situation of the operators.

The chief work of the committee will be to get a law passed to correct the manifest injustice which has grown out of the land decision in its application to oil lands.

Several members of the committee will go to Washington within a few days and be present at the opening of Congress. The others will not go until after the Christmas holidays, but it is hardly possible that anything of much moment in connection with the subject of oil lands will be reached before the first of January.

The committee includes F. J. Miller, representing the California Oil Men's association; former Congressman C. A. Barlow, representing the California Chamber of Commerce; Frank H. Short of Fresno, Thomas A. O'Donnell and S. A. Gulerson of Coalinga. The seventh member will represent the Western Oil Producers' association.

GUSHER BREAKS LOOSE.

After a lull of a few days on account of being sand-piled up, during which time it was thought to be under control, the Midway Petroleum company's great gusher on section 5-22-23 broke loose early yesterday morning and is now spouting oil higher than it did when it was first opened. The big 10 inch valves which were supposed to be holding it under subjection, were torn away and all of the machinery attached was demolished by the great force of the gas. It is flowing at the rate of 40,000 barrels a day, says Superintendent Lamb, a greater output than ever before out of the well. The test of the Standard Oil company's engineer the gravity is 22.1.

The 750,000 barrel reservoir, which has been under construction for the last week, is ready for the reception of the oil.

CEMENTING SUMP HOLES.

Experience has taught oil operators that earthen sump holes are wasteful and therefore the most expensive that could be built, and operators in the Midway and Maricopa districts are preparing to line their sump holes with earthen reservoirs with concrete. It has been estimated that the loss by evaporation and seepage in these districts by reason of earthen reservoirs amounts to 45 per cent. Water wells cracks in the ground and prevents seepage, but oil has the contrary effect.

For this reason there is a general movement toward lining reservoirs and sump holes with concrete, which, although expensive, is believed to be more economical in the long run.

SUMMONS.

In the Justice's Court of Oakland Township, County of Alameda, State of California.

E. P. Swain, plaintiff, vs. Fred Bunney, defendant.

Summons.

The people of the State of California send greeting to Fred Bunney, defendant. You are hereby required to appear in an action brought against you by the above named plaintiff in the Justice's Court of the Township of Oakland, County of Alameda, State of California, and to answer before the Justice, at his office in said township, the complaint filed therein within five days (exclusive of the day of service) after the service on you of this summons—if served within the city or township in which this action is brought, or if served out of said city or township, at said county, within ten days; or within twenty days if served elsewhere.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint, and in the event of a judgment against you, or will apply to the Court, for any other relief demanded in the complaint.

Make legal service and due return thereof.

Given under my hand this 15th day of August, 1910.

LEGAL

NOTICE OF HEARING OF PETITION FOR RAILROAD FRANCHISE.

Public notice of petition of property owners and application and petition of the Central Pacific Railway Company to the Council of the City of Oakland, for a railroad franchise, and of the time and place set for the hearing of the same by said council.

Notice is hereby given that the Central Pacific Railway Company, a railroad corporation organized and existing under the laws of the State of Utah, and doing business in the State of California, as a common carrier in the service of the public, has filed with the Council of the City of Oakland a petition to grant to said corporation, its successors and assigns, the right, privilege and franchise for a term of fifty years, to construct and maintain a single or double track railroad of standard gauge, together with all necessary switches, crossings, sidings, side-tracks, connections, poles, wires and other necessary appliances, appendages and adjuncts, and to pass with cars, motors and trains to be operated by electricity or such other improved mode of operation as may be authorized by law, except steam locomotives, over, along and upon the following described route in said City of Oakland, to-wit:

Upon and along Seventh street in the said City of Oakland from and connecting with the tracks of said applicant and the Southern Pacific Company to the easterly terminus of what is known as the Oakland mole, to and connecting with the tracks of said applicant and said Southern Pacific Company, and a single or double track to be along and upon the line now used and operated by said Central Pacific Railway Company on said Seventh street, through the assets of the Southern Pacific Company.

And public notice is hereby given that the owners of two-thirds of the fee simple of lands upon those parts of said streets above mentioned to be used by said railroad have also applied to the Council of the City of Oakland, in writing, to grant said right, privilege and franchise to said Central Pacific Railway Company, for a term of fifty years, for the purposes aforesaid.

And public notice is hereby further given that the aforesaid petition and application of said Central Pacific Railway Company, a railroad corporation, for said right, privilege and franchise, and the petition of said property owners, have, by Resolution No. 3757, duly passed by the said Council of the City of Oakland, on the 7th day of November, 1910, been set down for hearing and will be heard before the Council of the City of Oakland, at a regular meeting thereof, to be held in the Council Chamber, in the City Hall of said City of Oakland, in the City of Oakland, County of Alameda, State of California, on the 10th day of December, 1910, at the hour of 8 o'clock P. M. of said day, at which time and place any person interested may appear before said Council and show cause, if any there be, why the prayer of said petitions and application should not be granted.

By order of the Council of the City of Oakland.

WASHINGTON STREET CORNER TENTH

William H. McGuire,
Former Local Political
Leader, Who Is Dead

DEATH ENDS CAREER OF WELL KNOWN OAKLANDER

William H. McGuire, who, for the past thirty-three years has conducted a cooperage at 655 Twenty-seventh street and who was one of the old line Democrats of Alameda county, died at his late home, adjoining his place of business, Saturday last and the remains will be interred, in St. Mary's cemetery tomorrow morning. The funeral will take place from the family home on Twenty-seventh street. The remains will be borne to the church of St. Francis de Sales at the corner of Grove and Howard streets where a regular high mass will be held.

NATIVE OF IRELAND.

McGuire was a native of Ireland and came to this country in 1873, arriving in California in 1875 and locating in Oakland in 1877. He made a success of his business and was associated in the past with many of the leading Democrats of the county. He was a good politician and, at the same time, a good citizen. He was the husband of Mrs. Annie McGuire who survives him; and the father of Mrs. J. McGeistigan of Point Richmond, Mrs. J. Irwin of Berkeley, Charles McGuire also of Berkeley, and William and Francis McGuire of this city.

WAS FATALLY INJURED.

McGuire passed away in his 66th year. Death was due to injuries which were sustained by being run into by a street car while crossing the Twelfth street dam, two weeks ago today. At the time, the deceased was driving his team easterly across the dam when a car from the rear struck the wagon, overturning the vehicle and throwing McGuire to the pavement. The car was in charge of the same motorist who was driving the car at the time of the fatal accident on the run to Leona Height in May of this year when several persons were killed. McGuire sustained the fatal injuries to the head, fragments of which penetrated his lungs.

McGuire was a member of Division No. 1, A. O. H. of this county, having been connected with it for more than thirty years. He has at various times held all the offices in the organization and, at the San Jose, was one of the oldest members of the order in attendance. The members of the division will be present at the funeral tomorrow morning.

WILL BANQUET TOWN THAT VOTED FOR HIM

LA PORTE, Ind., Nov. 21.—George W. Williams, Republican elected State representative from Putnam county, will serve a banquet Wednesday of this week to the residents of an entire township. During his campaign Williams visited the hamlet of Sugar Springs, a Democratic stronghold. After a fervent appeal to the audience some one in the crowd yelled "We're going to elect you, Williams!"

Quick came the reply: "If Jefferson township goes for me at the election I'll give you all an oyster supper."

Jefferson "went" for Williams by a majority of eleven votes. Williams figured that the banquet will require 200 gallons of oysters.

AMERICAN ADMIRAL IS GUEST.

CHESTERBOURG, Nov. 21.—Rear Admiral Vreeland, commander of the second squadron of the American Atlantic fleet, and his staff and officers attended a performance at the theater, given in their honor last night by the municipality.

ANNOUNCEMENTS

NO MORE GRAY HAIR.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made and used a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair, and are fast following suit. The present generation has the advantage of the past in that it can get a ready to use preparation called Wyeth's Sage and Sulphur. As a scalp tonic and color restorer, this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers, and it can be bought for 50 cents and \$1 a bottle at almost any first-class drug store, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by The Owl Drug Co., 12th and Broadway, 10th and Washington, 14th and San Pablo.

ARTIST STORY TO HAVE STUDIO IN CALIFORNIA

NEW YORK, Nov. 21.—Julian Story, the artist from whom Emma Barnes obtained a divorce three years ago, and who later in London married Mrs. Elaine Bohlen, arrived yesterday from the Mediterranean with his wife and his three-month-old boy, Julian Story Jr. The artist said he had disposed of his villa at Vallombrosa, near Florence, and that he intended to open a studio in California. Story has several orders for portraits from distinguished Americans and expects to be busy all the winter.

JORDAN ASSISTS IN ORGANIZING BUREAU

BOSTON, Nov. 21.—President David Starr Jordan of Leland Stanford Jr. university, is in Boston, accompanied by Charles A. Christian, secretary of the International Interier commission, for a ten-days' stay to assist Edwin Ginn in organizing the latter's international peace movement. Ginn is to set aside \$50,000 a year for the International School of Peace in his lifetime, and will leave \$1,000,000 to that institution in his will.

LOW SALARIES DRIVE TEACHERS FROM COLLEGE

BOSTON, Nov. 21.—Unless immediate steps are taken to remedy the great discrepancy now existing between living expenses and the incomes of college professors, the status of American colleges will rapidly decline, is the prophecy of President Hamilton of Tufts college and President Faunce of Brown university. Fourteen men have left the Brown faculty in the last two years. President Faunce says: "The cost of living in Providence has enormously increased. Our professors, unable to withstand the strain of increased cost of the bare necessities of life, are leaving Brown and going elsewhere. We are now in a position where, unless something is soon done, we shall lose valuable men. It is impossible for members of our faculty to keep up their positions as teachers here on the salaries paid them."

President Hamilton of Tufts repeats the alarm sounded by Brown's. LAURIER IS 69 YEARS OLD. OTTAWA, Ont., Nov. 21.—Sir Wilfrid Laurier, premier of Canada, celebrated his sixty-ninth birthday yesterday. He received congratulations from all parts of the British empire. Laurier is in splendid health and vigor.

CENSUS CREATES FAITH IN WEST

Result of Population Count
Proves Value of the Pacific
Coast.

NEW YORK, Nov. 21.—Recent statistics from the Pacific coast furnish a strong hint which points impressively to the industrial and agricultural development of that part of the Union west of the Rocky mountains.

William H. Seward, when secretary of state, bought Alaska from Russia for a little over \$7,000,000. That purchase was not made to repay Russia in money for the friendship that empire had shown to the United States at the time of the civil war, although it was the common impression at the time of the transfer of the property that this was Secretary Seward's sole reason.

Instead he desired for the United States the whole coast line from Alaska to California, with which Alaska would not be to the far north. He always believed that we made a mistake in the treaty with Great Britain, by which we abandoned our claim to that part of the Pacific coast which British North America defines.

It is certain that the development of California northward to the Canadian line before many years has passed would be comparable to the development of the Atlantic coast.

The recent figures from the census bureau, from the compiler of the currency and from the clearing house association really create new sectional lines, which do not suggest any antagonism or jealousy, but that higher co-operation, which is the new spirit of American business and financial activity.

Lie Sends Youth To Folsom Prison

"Harry Raymond" Tells Untruth
About Age; Reform School
Would Have Been Lot.

SACRAMENTO, Cal., Nov. 21.—Had "Harry Raymond," 19 years old, told the truth about his age to Judge Hughes while on trial for burglary last Friday, he would today be an inmate of the Preston Reform school with chances for a good start in life in time. Instead, because he swore he was 23 years old, Raymond yesterday was taken to Folsom prison to serve a 12-year sentence, and today faces the prospect of long years of confinement.

Before being taken to Folsom yesterday, the boy admitted to the sheriff's deputies that his true name is Burton Cokran and that his family reside in Choptank, California county, Maryland.

"Raymond" in company with George Collins was arrested at Perkins while attempting to escape, and when placed in custody said that he was over 11 years of age.

ANGRY COMMUTERS TIE UP SEATTLE CAR LINE

SEATTLE, Nov. 21.—Two hundred commuters, adopting the tactics followed by the Fern Hill peep in a recent street car race war of Tacoma, tied up the interurban communication between Seattle and Riverton, a southside suburb, between the hours of 8:40 a. m. and 6 p. m. yesterday. The recalcitrant passengers boarded three street-bound cars in the Puget Sound electric railway, some of them holding full fare tickets and others tendering the old cash fare, about half the present rate.

Those tendering the old rate maintained that it was the legal fare, under a recent order of the Thurston county superior court. When the passengers refused to pay the advance fare the cars were side-tracked, and local traffic between Seattle and Riverton suspended. The Tacoma Limited trains were run through Riverton at high speed to prevent the Riverton passengers from boarding them.

Efforts of the railway employees to effect the offending passengers were unsuccessful until 6 o'clock, when deputy sheriffs took a hand and the service was resumed.

TWO CITIES SEEK FAIR INDORSEMENT

San Francisco and New Orleans
leaves to Struggle at Com-
mercial Congress.

SAN ANTONIO, Texas, Nov. 21.—The twenty-first annual session of the Trans-Mississippi Commercial Congress will begin here tomorrow morning.

Of foremost interest is the struggle between New Orleans and San Francisco for indorsement as the place for holding the Panama Canal Exposition in 1915. All Louisiana is backing New Orleans and that State will have 258 accredited representatives to the congress. Only Texas with 72 delegates will exceed that number. California will send twenty delegates.

It seems probable that the congress will again go on record as favoring a national department of mines. Congressman George A. Bartlett of Reno, Nev., will lead the fight for indorsement of that proposition.

2200 IN ATTENDANCE.

All told, it is expected that 2200 delegates will be accredited to the congress. Senator Don Ignacio Calderon, envoy extraordinary to the United States, plenipotentiary to the United States from Mexico, accompanied by his family, arrived yesterday.

John Henry Smith of Salt Lake, Utah, past president of the congress and vice-president for Utah, was another prominent arrival today. Five cities are active candidates for the 1911 meeting of the congress. They are Omaha and Lincoln, Neb.; Billings, Mont.; St. Joseph, Mo., and San Angelo, Texas.

Governor W. F. Shafroth of Colorado and the delegations from Kansas, Colorado and Missouri arrived late last night.

SINGER PLANS RECITAL IN ALAMEDA TONIGHT

MARS IN ACCIDENT AT DENVER TRACK

DENVER, Colo., Nov. 21.—J. C. ("Bud") Mars made three attempts to fly in his Curtiss biplane at Overland Park yesterday. On the third attempt he rose ten feet and then crashed to the ground within fifty yards of the spot where Ralph Johnstone met death on Thursday. Pilagers of the type which fought over Johnstone's body for souvenir bits of wreckage swarmed out upon the track, crushing down the boundary fences, but were driven back by the mounted police, revealing Mars unhurt and the right wing of his machine totally wrecked. The catastrophe effectively ended prospects of flights in a Curtiss biplane at the present moment. A contract, could not fly on Sunday, and 10,000 disappointed people grumbled their way through the gates.
